About the World Airline Awards

The World Airline Awards are wholly independent and impartial, introduced in 1999 to provide a customer satisfaction study that was truly global. Travellers across the world vote in the largest airline passenger satisfaction survey to determine the award winners. The awards are referred to by media around the world as "the Oscars of the aviation industry."

All costs of the Survey and Awards event are paid by Skytrax, and airlines do not pay any entry or registration fee. There are no charges for use of the Award logos and results.

The online customer survey operated from September 2022 to May 2023, together with invitations sent to previous year respondents in the survey database. The customer survey was provided in English, French, Spanish, Russian, Japanese and Chinese.

Over 100 customer nationalities participated in the 2022/2023 survey with 20.23 million eligible entries counted in the results. Survey entries are screened to identify IP and user information, with all duplicate, suspect or ineligible entries deleted. More than 325 airlines are featured in the final Award results.
