SUN COUNTRY AIRLINES ANNOUNCES FIRST-EVER ROUTE TO CANADA

The airline expands into Canada with seasonal service from Minneapolis-St. Paul to Vancouver

MINNEAPOLIS, December 9, 2019 – [Sun Country Airlines](#) today announced it will expand into Canada for the first time in the company’s 36-year history. The new seasonal nonstop service will connect Minneapolis-St. Paul residents to Vancouver** with fares starting as low as \$99* one-way.

“Our expansion into Canada is the latest signal of the incredible growth we’re experiencing at Sun Country Airlines,” said Chief Revenue Officer Grant Whitney. “We are thrilled to be adding Vancouver to our ever-evolving list of routes and believe there is significant demand for low-cost service to this great destination. We recently announced new seasonal summer destinations, and with this announcement, we have a great selection of destinations for Minnesotans to enjoy in 2020.”

Sun Country recently announced one of the largest route expansions in its history, adding 12 non-stop seasonal routes to its network. Included in the expansion were Baltimore, Bozeman, Cleveland, and Portland (Maine) from MSP, Nashville, Boston, Newark, Portland and Seattle from MSN (Madison, Wisconsin), and Costa Rica, Puerto Vallarta and Los Cabos from DFW.

“We’re thrilled to welcome another new airline partner with Sun Country Airlines launching scheduled service at YVR,” said Anne Murray, Vice President, Airline Business Development and Public Affairs, Vancouver Airport Authority. “With the addition of this new service, travelers will have even more options for travel to the United States in time for the summer season.”

The new service will begin on May 20, flying twice weekly on Wednesdays and Saturdays.

The airline first began its extensive growth outside of its home base of MSP in June 2018. With today’s expansion, the airline operates a total of 92 routes across 56 airports and has grown its network by nearly 72 percent, announcing 47 new markets in 2019 alone.

Sun Country has added to its customer experience over the last year with free in-flight entertainment, a new mobile-friendly website with more self-service tools, and new interiors on each aircraft. The airline’s mission is to affordably connect guests to their favorite people, places and memories, and to offer leisure travelers safe, reliable service at a great price.
